Ermis®
MedTech

Manufactured in Germany since 1998 from Aluminium alloy with an anodised surface to protect against corrosion.

A great range of container heights available to enable use of a variety of tray heights, light weight and with a 2 year warranty.

Machine wash for reprocessing using a suitable neutral cleaning agent.

Plastic Security Seal with locking tag and steam indicator, must be attached to the closures outside, before each sterilisation.

The indicator changes its colour from pink to brown, during steam sterilisation at 134°.

ERMIS* sterilisation containers have been tested for a shelf life of 12 months.

E Standard, paper filter with steam indicator

Premium System 3-In-One Aluminium filter

TUT Premium System

Container Bottoms

Bottom Container 1/2
ER305.100E
297x274x88 mm

Bottom Container 3/4
ER205.135E
462x274x123 mm

Bottom Container 1/1
ER105.150E
585x274x138 mm
